

STRIKE IS COMPLETE

Union Teamsters Go Out at Chicago to Aid the Butchers.

With Completion of This Sympathetic Chain Hopes of Early Settlement Vanish.

Chicago, July 27.—The sympathetic strike at the stockyards is now complete. The 700 drivers employed in the packing industry in Chicago quit work today. With the union teamsters out every union organization represented in the Chicago packing plants is now on strike.

Chicago, July 27.—Little if any advantage has been gained by either side in the stockyards strike and there is no hope of any immediate settlement of the difficulty. Realizing that they have one of the hardest propositions to contend with in the history of the packing industry, the packers are leaving nothing undone to gain the upper hand in the struggle with their 30,000 union employees who are on strike. Workmen from outside points have been rushed to Chicago and taken to the stockyards, under police protection, to fill the places of the strikers. It is announced by the packers that 7,000 new men are now installed in the different plants at the stockyards. With these men and with the new arrivals that are expected each day, the packers expect to get their affairs in such shape that the strikers will be compelled to seek a truce in the hostilities and seek a peaceable settlement at the dictation of the employers.

Although the receipts of livestock are small compared with receipts on corresponding days under normal conditions, still many cattle, hogs and sheep were left in the pens last night unsold.

With all the union workmen on strike with the exception of the packinghouse teamsters, the only additions yesterday to the ranks of the strikers were about 100 teamsters who quit work as individuals, preferring to do this rather than to wait for an official order to walk out, and the waitresses in the restaurants at the stockyards controlled by the packing companies. The teamsters have become restless and the general belief is that few if any of the 700 employed in the packing industry will wait for the sanction of the international officers of the union to go on strike.

Rumors of renewed efforts to settle the difficulty by arbitration are thick, but on investigation they are found to be without foundation. When questioned regarding the situation, Michael J. Donnelly, president of the butchers' union, the organization which precipitated the original strike, said: "I have no hope of an immediate settlement. The fight is on and the only thing we can do now is to stick to the end."

Police Call for Help.

Omaha, Neb., July 27.—The fire and police commissioners of South Omaha decided that they were unable to cope with the strike situation, and called on the sheriff for assistance. A large number of special police have been sworn in.

MISS SEXTON WINS

An Automobile, but Former Sweetheart Claims Machine As His.

Shelbyville Democrat

A Marion man, while visiting in Franklin a few months ago, gave to George Hontoon, a clerk in a restaurant there a ticket entitling the holder to a chance on a \$1000 automobile to be raffled off by a Marion fraternal organization.

Hontoon in a spirit of gallantry gave the ticket to Miss Hallie Sexton, with whom he was keeping company. Later they ceased keeping company and when Hontoon was informed Saturday that the ticket was the lucky one, he was in a dilemma.

The young lady declined to surrender

the ticket and claimed the machine. Both are making an effort to secure it and the contest is the talk of the town, bets being freely placed on who will get the machine.

Miss Sexton proposed to sell the automobile and divide the proceeds, but the offer was not accepted.

Miss Sexton is well known in this city having visited here quite often. She is a champion labeller in the canning factory at Franklin and was here last season to instruct the labellers at the Shelbyville canning company's plant.

She is the daughter of Elijah Sexton, a granddaughter of Allen Sexton, both of whom formerly lived in this county, and is a niece of Elisha Sexton, south of the city, and James Sexton, the mail messenger of this city.

The young gentleman in question is certainly very ungallant and as the boys would say "he is not 'game'" or he would be willing for the young lady to have the property which is rightfully hers since she holds the lucky number.

George Hontoon and Frank Kennedy went to Marion Sunday looking after the former's interest in the automobile. Elijah Sexton was also there, representing his daughter, Miss Hallie Sexton, who holds the winning ticket.

It was decided to defer the settlement of either of the claims until this evening, at which time the ownership of the auto will be decided by a vote of the lodge members.

CROPS IN INDIANA

The Wheat Has Been Cut—Very Light and Poor.

The week just ended was one of with a great variation in temperature. The daily mean during the first part averaged 4 degrees in excess of the normal, and on Saturday and Sunday it was about 7 degrees below the seasonal average.

The precipitation in Indiana during the week was in the form of local showers, mostly light, which occurred at a few widely separated places on Tuesday, Wednesday and Thursday. Some stock was killed by lightning and other property damaged by hail and wind during the prevalence of local thunderstorms in the south section Thursday.

All wheat has been cut and some threshing done. While the yield from a few fields in scattered localities is good and the grain full, the reports indicate that, as a whole, the wheat crop of the State is very light and the quality very poor.

Clover has been cut and most of the hay secured without damage by rains. Timothy is being cut and in most cases is yielding a good crop of excellent clean hay.

Oat harvest is under way in the south portion of the State, and the grain is ripening in the north. A heavy crop is indicated in all sections except possibly a few localities in the northern tier of counties—notably in Lake county—where drouthy conditions inimical to proper development prevail.

Corn made phenomenal growth during the warm part of the past week. The bulk of the crop has been laid by, mostly in good condition, and the early planted is beginning to tassle and silk. It would be benefited by rain, however.

Potatoes continue to do well. The picking and delivery of salters of cucumbers has commenced in Jasper and Marshall counties.

The field crop of onions in Noble county is reported very promising.

Tomatoes are growing rapidly.

Tobacco is doing well; it is being topped in Randolph county.

Apples and pears are still falling in some localities, but fair crops of both are expected. Plums are plentiful.

Train's Narrow Escape.

Passenger train No. 4, of the Cincinnati Division of the Big Four railroad, narrowly escaped destruction Tuesday, one mile north of Prescott, between Greensburg and Indianapolis. A burning trestle was not seen by the engineer in time to stop the train. When the train crossed the trestle the rails were red hot, and much of the substructure had been burned away. The train was stopped and the passengers, forming a bucket brigade, succeeded in extinguishing the flames. Traffic was suspended for several hours.

Keep Politics Out of the Schools

By WHITELAW REID, Editor, Chancellor of the Board of Regents, University of the State of New York

LET us see to it that all our educational work, and ESPECIALLY THE WORK OF THE COMMON SCHOOLS, is done on the basis of absolute fairness to all the people. You carefully keep a saloon a certain number of yards away from a schoolhouse or a church. You are even more particular about other sources of possible contamination. But there is one thing not

enumerated in the law which would damage the acceptable working of your common school system almost as much as these abhorrent and forbidden influences.

Far be it from me to disparage politicians; no man can be a good citizen without being a politician. But, whatever party he belongs to, it is reasonably certain that, half the time nearly, or more than half, the people having an equal interest with himself in the common schools will be opposed to his party.

POLITICS AND POLITICAL AIMS THEN CAN HAVE NO MORE BUSINESS IN THE SCHOOLROOM OR IN THE SCHOOL DIRECTION THAN THEY HAVE IN THE CHURCH.

The Use and Abuse of Wealth

By President GEORGE HARRIS of Amherst College

THE fashionable society of our cities is a society of the wealthy. The rich vie with one another in the expensiveness of food, drinks, clothes and decorations. THEIR MORAL STANDARDS ARE LOW. Divorce does not read a rich man or woman out of fashionable society. They are the degenerates of the cities. But not all the wealthy rush into this silly scramble of vulgarity and sensuousness. THERE ARE MANY WHO USE WEALTH TO SECURE HIGHER VALUES. How otherwise could there be culture, science, art, music, philanthropy, colleges, schools and churches?

THAT BIG VOTE

That Parker Got In New York Is Explained

The Cruel Figures Demonstrate However That His Manager Hill, Alone Surprised Him.

Before the convention at St. Louis, the strongest argument in favor of Parker outside of the fact that he would not talk and could not be charged up with anything in the past, was the assertion that he had polled the largest vote ever given a candidate in New York.

Why the Hearst people never explained it or looked it up is a mystery, for if they had their own Willie might today have been in the saddle inasmuch as he made a better race in his candidacy against Parker than he did.

The figures have been dug out however and show the startling fact that he was only beaten as a poor candidate and vote getter by his friend Hill in 1894. Bryan's vote in 1896 was about the same as Parker's.

In this connection, the New York Press says:

We have searched high and low to find some election table that would show Judge Parker to be a great vote getter, but unless we go back to the days when New York's population was so small that there were not as many votes in the whole State as Judge Parker got, we cannot discover that anybody who ever ran for anything failed to beat the boots off him at polling votes.

We set down the cruel figures for whatever anyone may be able to do with them.

REPUBLICAN VOTES CAST.

1902—Odell	665,150
1900—McKinley	821,992
1898—Roosevelt	661,707
1896—McKinley	819,838
1894—Morton	673,818
1892—Harrison	609,350
1897—Parker	554,680

DEMOCRATIC VOTES CAST.

1902—Coler	655,398
1900—Bryan	678,386
1898—Van Wyck	643,921
1896—Stanchfield	693,733
1894—Bryan	551,369
1892—Hill	517,710
1890—Cleveland	654,863
1897—Parker	554,680

It will be seen that Judge Parker's vote-getting power, measured with

Republicans, is lacking in units running all the way from 50,000 to more than a quarter of a million. Furthermore, the nearest approach he makes to anything like a fair-sized vote, compared with Republican candidates, is when set alongside of the figures away back in 1892, when the Cleveland landslide hit New York and the rest of the country with a truly "sickening thud," as the aftermath proved. And measured even by 1892 standards he polled in 1897 only 554,000 votes, against General Harrison's 609,000.

It is also to be noted that to find a time when Judge Parker's vote makes a respectable showing against an important Republican we must go as far back as 1880, when Garfield polled 555,554 votes as against Parker's 554,680. SEVENTEEN YEARS LATER, there being in 1880 not many more than a million ballots in the State!

ALLEGED IRREGULARITY

Civil Service Commission Takes Up Case of Negro Taylor.

Washington, July 27.—The civil service commission is investigating reports that the negro bricklayer Taylor, an account of whom the union bricklayers at Washington barracks went on strike, was illegally appointed. The committee has issued a statement that Taylor's name was first entered on the brickmason register for Washington July 1, 1903, with a general average of 100 and that his year of eligibility therefore expired June 30, 1904. "If the regular procedure looking to his selection and appointment was initiated on or before June 30, 1904," the commission says, "it would be in accordance with the practice of the commission to allow the appointment, even though his year of eligibility expired before the appointment was completed."

Otherwise, it was stated, his appointment was irregular and would be revoked. The commission has asked for a report of all essential facts from the chairman of the board of civil service examiners, engineer department at large, before determining the case. Twenty-five non-union bricklayers are working on the barracks buildings, all but three of them being negroes.

GREAT GAME

Did Locals Put Up Against Greensburg Yesterday

Martin Pitches Great Ball—Thoman's Leg Fractured.

Rushville gave Greensburg a tussle for their lives yesterday. Martin pitched great ball for Rushville, being hit freely, but keeping the hits well scattered. The game was full of sensational plays and close decisions. Greensburg's winning score, however, was made after three men were really out. This is how it happened: Colina, the first man up went out over the Thomas-Donlin route, Pierson singled went to second on Martin's wild pitch and was caught at third by a long throw from Bevis in centerfield, who had succeeded in stopping Conklin's hit to that locality. Conklin stole second and went to third on Morgan's wild throw to catch him at second. Firestone came to bat and three strikes were counted upon him. Umpire Yazel either did not record the third strike on his indicator or else he did not see it, for he let Conklin remain at the bat. None of the players on the field noticed the third strike, except Wagner, in right field, who yelled with all his might that the man was out. Many of the people in the grand stand also yelled that the man was out, but in the excitement of the moment they were not heard. Martin put another one over the plate and Firestone sent it along the ground to Thomas who fumbled it and let Conklin score.

Thoman, Rushville's catcher had his left leg badly fractured at the ankle while sliding into second base in the eighth inning, and was taken to the hotel. When he slid into the base he caught his foot in the strap holding the bag and wrenched his ankle out of place. He was attended by a physician at Greensburg and brought to this city last night. He is now at the home of Manager James Geraghty, on First street, and is somewhat improved in condition. He may not get back into the game this season.

Mike Donlin, the suspended first baseman of the Cincinnati Reds covered first base yesterday, but batted in hard luck. He did not secure a hit during the game, but in the tenth inning wrapped out a swat which was good for three bases to say the last, but it was pulled down by Waybright, Greensburg's right fielder, after one of the most sensational catches ever made on a ball ground.

The score:
1 2 3 4 5 6 7 8 9 10—RHE
Rushville 0 0 0 0 0 0 3 0 0—3 7 5
Greensburg 0 0 0 3 0 0 0 0 1—4 8 4
Struck out by Martin 4, by Colina 6; bases on balls off Colina 2; hit by pitcher, Barnes and Martin; wild pitch Martin; passed ball, Cook; stolen bases Uhl 2, Thoman, Bevis, Thomas, Martin, Hayes, Conklin, Braden and Barnes; sacrifice hits, Wagner, Bevis and Pierson; left on bases Rushville 6, Greensburg 4; double plays, Donlin to Uhl. Time of game 1 hr. 54 min. Umpire, Yazel. Attendance 900.

Silver Club Bolts.

Indianapolis Star

The Indiana Silver club is responsible for the only fly in the Democratic ointment. Dr. L. N. Howard, its president, says that the club probably will not participate in the reception to Taggart. He claims that the club has 265 members in Marion county, but other Democrats say the doctor's figures are too high.

"The general sentiment among members of the club is that they will not support Judge Parker," said Dr. Howard. "I think a majority of them will vote for Roosevelt. We want to give the reorganizers the same dose they gave us in 1896 and 1900. The club will not take formal action until after Judge Parker's speech of acceptance."

Not a Candidate.

Henry Gassaway Davis, recently nominated by the Democrats for vice president, says he is not a candidate—for matrimony, and that he had never so indicated to the numerous news paper correspondents.

PARAGRAPHIC POINTERS

At a meeting of the Republican editors of the Fifth district the other day there was unanimous agreement among all those present that so far as Senator Fairbanks' successor in the United States senate is concerned, the most pressing present duty of the Republicans of Indiana is the election of a legislature that will make certain the choice of two Republican senators. Pending the election, it was agreed, Republican newspapers especially should abstain from either writing up or writing down the various gentlemen whose names have been mentioned in connection with the caucus nomination. In other words there will be plenty of time after the election in November to thresh out the differences existing among Republicans as to the comparative claims of sundry statesmen on an honor that will not be attainable for any of them until after a Republican majority in the legislature has been secured. It was agreed, too, that the Republican press of the state should deprecate contention among the friends of rival aspirants such as is likely to create a division of interests, especially in close legislative districts, and thus endanger the success of the many candidates. Feeling has already been aroused in some communities, if reports received at the meeting in question are well founded, where ardent friends of this or that man have declared their unwillingness to support their legislative candidates unless they were committed to support some candidate or oppose another. That sort of thing has progressed well along toward the danger point, and no good Republican will contribute to it. Immediately after the frost is on the pumpkin of Democratic hopes in Indiana those who are anxious to rend their garments on the senatorial subject will have ample opportunity to give vent to their feelings in such manner as may suit them best. Meanwhile harmony is an essential preparation for victory, and in a campaign where so much is at stake it ought to be no sacrifice for any Republican to place his personal preferences in the matter of individual ambitions temporarily in cold storage.

Remember, brother editors, that all
newspapers contain mistakes and some
times one is made at a very inopportu-
ne time.

The question this campaign is not
what there is in the Democratic plat-
form, but what is there in their West-
ern Union telegram?

While there may be some truth in
the statement that Mr. Davis is too
old for campaign purposes, the state-
ment that he is too rich won't down.

Bourke Cochran credits Parker with
"such incomparable courage that he is
willing to throw away not merely the
hope of a nomination, but an actual
nomination for the presidency, rather
than stoop to an evasion or equivoca-
tion on a question of principle." And
yet Parker didn't say a word until he
had several coils of lead pipe around
the nomination.—Ex.

Every time an accident happens at a
grade crossing in Indianapolis the
people, the newspapers and the mayor
rise up and proclaim that something
must be done to eliminate the death
trap from the good city of Indianapoli-
s, and just as often the matter is
dropped from the columns of the pa-
per and from the minds of the people.
If they intend to do anything now is
the time to do it. If not, why waste
so much time and valuable newspa-
per space in discussing it?

The city of Rushville ought to have
a place where persons who become
suddenly ill could be taken instead of
the county jail. It matters not who
the man is or what his standing in
society, if he falls suddenly ill, at
Rushville, he is carted off to the coun-
ty jail. This condition exists in many
other towns, but our city should take
the initiative in providing some place
for those who become suddenly stricken
ill in this city and perhaps die.
Honest now, would any of our readers
want it said that their father or
brother "died in the county jail" at
Connersville, Greensburg or any other
city? Then why not do our part to-
ward doing away with this practice
by making preparations for such em-
ergencies.

A NEEDED STIMULANT

Taggart's Eminence Will Stir Indiana
Republicans to Activity.

Indianapolis, July 27.—The views of
the Republican leaders in Indiana as
to the political effect of the election
of Taggart as national chairman are
so interesting as to be worth setting
out. When the Democratic national
committee adjourned at St. Louis with-
out nominating Taggart the Republi-
can leaders here made up their
minds that Taggart was to be thrown
down, and while personally they did
not object to him becoming chairman,
yet for political reasons some said
they would rather someone else would
be placed at the head of the organiza-
tion. It was generally realized here
that Taggart would doubtless throw
all his energy into his own state with
a view of carrying it, and not a few
of the Republican leaders were hope-
ful that things would go on just as
they have in the last eight years, but
now that Taggart is "it" with the com-
mittee they have decided that his elec-
tion will help their party. An official
of the state committee explained the
situation today with the statement
that the Republicans needed some-
thing like the election of Taggart to
stir the party workers into activity,
and that they are confident that when
he returns home and starts the fight
that he will arouse the Republicans as
well as the Democrats, which cannot
help becoming an advantage to the
Republicans. It may be a roundabout
way of arriving at a benefit, but the
Republicans have it figured so.

Taggart will receive as warm a wel-
come when he returns as any man
could wish. There is probably no one
in Indianapolis more popular than he
is under ordinary circumstances. When
he ran for mayor he demon-
strated that he is a great favorite.
Now that he has reached one of the
highest positions in the gift of his
party his loyal friends, and they are
legion here, are preparing to do him
great honor. Word has been received
from New York that Taggart will be
home Tuesday, the night before the
state convention, so there will be a
great state demonstration. Tomlinson
hall has been reserved for the occa-
sion. Mayor Holtzman will be master
of ceremonies. There will be speeches
by many of the party notables in this
state. Senator Joe Bailey of Texas,
and several members of the commit-
tee, are coming with Taggart, and
they will make the occasion more
brilliant. Chairman O'Brien, John E.
Lamb, John W. Kern, J. T. Fanning
and others who have been in New
York with Taggart will accompany
him home. The reception will be a
local but not a non-partisan affair, as
was the recent reception for Senator
Fairbanks on his return from the Chi-
cago convention. The Democrats feel
like rejoicing, and they propose to
make a big night of it.

An immediate and noticeable effect
of the election of Taggart as national
chairman was the scamp for places
on the Democratic state ticket. Up
to yesterday afternoon the Democrats
have been showing a distressing hesi-
tancy about entering the lists. The
explanation offered by the leaders was
that the prospective candidates were
waiting to see whether or not Taggart
was elected. The prediction was
made that if he was elected to preside
over the destinies of the big organi-
zation that there would immediately
be a large field of candidates, and this
bids fair to come true right off. A
short time after Taggart's election
was announced here W. H. Geckler of
this city called at the state committee
rooms and announced to Secretary
Reiley that he is a candidate for gov-
ernor. He secured a list of delegates
and it is presumed is now getting in
touch with them. He is an unknown
political quantity, but his example
shows something of the new life the
party is already taking on. Unless
all signs fail the Democrats will have
no trouble in getting good men for
their state ticket.

All sorts of interesting political
speculation may be woven out of the
probable effect of the election of Tag-
gart as national chairman and the
nomination of Senator Fairbanks for
vice president. It will be most inter-
esting to watch the "dope" dished up
by the various newspaper writers who
will doubtless weave columns of fairy
tales on the subject. But regardless
of what will be done, it is interesting
now to the politicians to speculate on
which man will lend the most strength
to his party in the ensuing campaign.
The Republicans felt pretty secure
over Indiana when Fairbanks was
nominated for vice president, but now
come the Democrats with Taggart at
their head, and the question naturally
arises as to what he will do. Will he
be able to offset the advantage the
Republicans may have gained by the
nomination of Fairbanks? The result
of the election alone will tell. It is
the consensus of opinion that the elec-
tion will make Indiana as great a
battleground as it was in 1892 when
Harrison and Cleveland were the op-
posing candidates.

AN OUTRAGE COMMITTED

This Is the Growing Belief In the
Official Mind In Connection With
Serious Maritime Incident.

Ship Owners Up In Arms and De-
mands Are Made For Protec-
tive Guarantee.

London, July 27.—The British gov-
ernment is taking energetic action in
the case of the sinking of the British
steamer Knight Commander by the
Vladivostok squadron. All informa-
tion received by the government tends
to establish in the official mind a be-
lief that an outrage has been commit-
ted for which no excuse exists in in-
ternational law. Those aware of the
feelings of the ministry said that all
the members of the cabinet are in ac-
cord regarding the principle of the in-
violability of innocent neutral ship-
ping as well as upon the principle
that neutral ships cannot be destroyed
even if carrying contraband of war.

The demands which will be made on
the Russian government will include
compensation to the owners of the
ship and to the owners of the goods
on board the Knight Commander, an
apology for the action of the Russian
cruisers and an agreement that in-
structions be given which will prevent
a repetition of such action.

British ship owners are up in arms
over the dangers which shipping is
now running and are bombarding the
government with representations look-
ing to the thorough protection of their
interests. Little further news has
reached London, either of captured
steamers or of the passage of hos-
tilities in the far East.

Fought Fourteen Hours.

Liao Yang, July 27.—The Japanese
unexpectedly opened a cannonade on
the evening of July 23 at Tatche Kiao,
according to an eyewitness. The ar-
tillery battle was continued Sunday
and lasted fourteen hours. The Rus-
sian batteries were served better than
those of the Japanese. The Russians
made a fierce bayonet attack and re-
tained their positions at nightfall, but
were unexpectedly ordered to retire
during the night. In the morning of
July 25 they evacuated the railroad
station at Tatche Kiao.

Rivalries in Camp.

St. Petersburg, July 27.—In connec-
tion with special dispatches from the
far East alleging that antagonism be-
tween Viceroy Alexieff and General
Kuropatkin existed, it is said that the
viceroy issued a ukase ordering that
troops arriving at Mukden after July
15 should be placed at his disposal
instead of that of General Kuropatkin.

Fails to Give Details.

St. Petersburg, July 27.—General
Kuropatkin's telegram recording the
withdrawal of the southern army from
Tatche Kiao to Haicheng fails to give
details of the continuous rear-guard
action preceding the retreat, but the
war office thinks the losses were sev-
eral hundred, which would indicate
pretty severe fighting.

Present Whereabouts.

Vladivostok, June 27.—Private re-
ports received from Shanghai say that
the Vladivostok squadron has been
seen east of the Island of Formosa,
400 miles south of Shanghai and about
1,350 miles southwest of Yokohama.

The News Confirmed.

London, July 27.—Special dis-
patches from the far East printed in
today's London newspapers confirm
the news of the Japanese occupation
of New Chwang, but do not give any
further details of the fighting.

San Francisco, July 27.—The insur-
ance on war risks rates has risen rap-
idly since Saturday and today is nearly
prohibitive on cargoes from this
port to the Orient.

RYAN ARRESTED

More Get-Rich-Quick Indictments
Against Turfman.

St. Louis, July 27.—New indict-
ments have been found against John
J. Ryan, operator of an alleged get-
rich-quick race concern, and Lumpkin
A. Gill, manager of the Arnold com-
pany, by the grand jury which has
recently heard considerable additional
evidence against the men in ques-
tion. There are seven of the new in-
dictments.

Ryan Arrested at New York.

New York, July 27.—John J. Ryan,
owner of race-horses, was arrested at
the Brighton Beach racetrack on a
warrant charging the larceny of \$800-
000 by means of an alleged get-rich-
quick scheme, of which it is alleged
Ryan was the head. The warrant for
Ryan's arrest was executed in St.
Louis. The arrest was made by a
central office detective, who was ac-
companied by a St. Louis detective,
and George Fickelson, assistant to
Circuit Attorney Folk of St. Louis.

TAGGART WINS OUT

Indiana Man's Perennial Smile Did
the Trick.

New York, July 27.—The national
Democratic committee unanimously
elected Thomas Taggart of Indiana
chairman. Urey Woodson of Ken-
tucky was elected secretary of the
committee by a vote of 35 to 12, his
selection subsequently being made

THOMAS TAGGART

unanimous. Edwin Sefton of the Dis-
trict of Columbia was made assistant
secretary. John I. Martin of Missouri
was elected sergeant-at-arms and Sam-
uel Donelson of Tennessee assistant
sergeant-at-arms.

There had been two or three whis-
pered suggestions that the meeting
adjourn after the temporary organi-
zation, in order to visit Judge Parker
before the national chairman was
elected. John W. Kern, who was in
charge of the Taggart forces, at once
told his friends that an adjournment
would be fatal, as the proposal would
give time for completing the combina-
tions that were attempted Monday.
Senator Bailey moved that the com-
mittee proceed to a permanent organi-
zation.

About this time David B. Hill, Wm.
F. Sheehan and August Belmont, all
with proxies, entered the committee
room. They had been in conference
up to the last moment, but as they
offered no resistance to Senator Bai-
ley's motion it was known that the op-
position to Taggart had been aban-
doned, and that Taggart would win.
John W. Kern placed Taggart in nomi-
nation, speaking briefly about his
ability and capacity as a Democratic
leader. No one else was named and
Taggart was declared the unanimous
choice of the committee. Mr. Taggart
thanked the committee for the high
honor it had paid him. He realized
to the fullest extent, he said, the re-
sponsibilities of the position, but he
felt that with the ticket and platform
upon which the candidates stood that
the Democrats would win the next
election. In order to do so they must
have the full and cordial support and
co-operation of every member of the
committee and every Democrat in the
country. He promised to discharge
the duties of the position faithfully
and intelligently. Mr. Taggart's brief
speech was applauded.

Just before noon today the members
of the committee took a special car to
Esopus for the purpose of paying their
respects to Judge Parker, the Demo-
cratic candidate.

Revised Its Laws.

Detroit, Mich., July 27.—The su-
preme tent Knights of the Maccabees
of the World, which has been in ses-
sion here for a week, adjourned last
night. The most important items of
business transacted at the triennial
review just closed were a readjust-
ment of the insurance rates and a re-
vision of the entire body of the organi-
zation's laws.

THE DISCOVERER OF SEVEN BARKS

Was, thirty-five years ago, one of Germany's
foremost physicians, besides he was a cele-
brated botanist and chemist. His discoveries
were many and invariably successful. Per-
haps his most important discovery was that
of the great and popular preparation called
Seven Barks—extracted from the bark of a
specially grown Hydrangea plant. This bark
grows in seven layers, each division possessing
wonderful individual curative values. One
acts as a gentle cathartic, another as an al-
ternative, the third as a diuretic, the fourth as
an expectorant—while the other three layers
produce wonderful, upbuilding tonic elements.

Most All Disease

Emanates from the drainage system (the stom-
ach, bowels, liver and kidneys). When one of
these organs becomes clogged or congested
the others naturally suffer in sympathy, and
it requires a thorough cleansing and the res-
toration of all of them before each can again
fully perform its natural function.

Seven Barks

Contains nature-giving principles that will ef-
fect immediate relief and, in good time,
a permanent cure of all such disorders. One 50-
cent bottle will demonstrate its phenomenal
values.

Talk with your druggist about it. He will
back up all our claim. If you are ill and can-
not spare 50-cents for a bottle, write a postal
and we will send you a bottle free.

A WONDERFUL INVENTION.

It is interesting to note that fortunes
are frequently made by the invention of
articles of minor importance. Many of
the most popular devices are those de-
signed to benefit the people and meet
popular conditions, and one of the most
interesting of these that has ever been
invented is the Dr. White Electric
Comb, patented Jan. 1, '99. These
wonderful Combs positively cure dan-
druff, hair falling out, sick and nervous
headaches, and when used with Dr.
White's Electric Hair Brush are posi-
tively guaranteed to make straight hair
early in 25 days' time. Thousands of
these electric combs have been sold in
various cities of the Union, and the de-
mand is constantly increasing. Our
agents are rapidly becoming rich selling
these combs. They positively sell on

OUTBREAK FEARED

Tension In Temperance
Fight at Liberty Cen-
ter Is Intense.

DESTROY THE BUILDING

Threats Have Been Made That In-
coerced Citizens Will Take Law
In Their Own Hands.

"Hop Ale" Joints Have Become More
Notorious Than the Licensed
Saloon.

Bluffton, Ind., July 27.—An outbreak
is feared at Liberty Center because
of the bitter feeling manifested in the
temperance war. "Hop ale joints"
have sprung up in many towns since
licensed saloons have been driven
from seven of the nine townships of
the county in the last three years. It
is said those "joints" are much worse
than the licensed saloons, but none of
the "hop" sellers has been convict-
ed of the illegal sale of intoxicants.
John Stone of Liberty Center was ac-
cused on a charge of selling liquor
without license, and it is said the tem-
perance element has become so in-
censed that threats to destroy the
building have been made.

WILL TEST THE MATTER

Does the Pumping of Oil Constitute
Sabbath Desecration?

Bluffton, Ind., July 27.—Affidavits
have been filed in a justice's court
here against twenty pumpers for the
Standard Oil company who work in
Jackson township, charging them with
desecrating the Sabbath by working.
It is believed that the oil men them-
selves were instrumental in having
the affidavits filed, and that their ac-
tion was the first step in a fight be-
tween the pumpers and the Standard
on the Sunday labor question. If they
are fined for the offense they can re-
fuse to work in the future for that re-
ason, and the company cannot dis-
charge them for refusing to do an
illegal act. Oil companies contend
that pumping an oil well on Sunday
is a labor of necessity. Of the twenty
cases filed here one is expected to be
made a test case and carried to the
higher courts.

Run Down by River Steamer.

Madison, Ind., July 27.—The steam-
er City of Louisville, while running
near Hanover, struck a skiff in which
Claude Wilson and Robert Wilson
were sleeping without lights. Robert
Wilson was drowned, while Claude
Wilson suffered a broken leg and arm.
He was brought to the hospital in this
city. Wilson's body was not recov-
ered. Claude Wilson is in the street-
car service at Cincinnati.

Negroes in Pitched Battle.

Lawrenceburg, Ind., July 27.—Sev-
eral negroes in the employ of the
Shutt Improvement company near
Guilford engaged in a pitched battle
in their camp in which revolvers and
knives were used, and several men
were wounded but not seriously. Con-
stable Slater and Detective Drake
raided the camp and disarmed the bel-
ligerents, making no arrests.

Law League in Session.

West Baden, Ind., July 27.—The
tenth annual convention of the Com-
mercial Law League of America is in
session here with 250 members pres-
ent from nearly every state. The
league is composed of commercial
lawyers and teachers of commercial
law in educational institutions.

Child Fearfully Maimed by Hog.

Portland, Ind., July 27.—The two-
and-a-half-year-old child of Rufus
Counselor, Van Wert, was attacked by
a vicious hog and received probably
fatal injuries. Large pieces of flesh
were torn from the child's body and
one ear was bitten off.

Son Defended Mother.

Hammond, Ind., July 27.—John D.
Stack, while intoxicated, started to
choke his wife. His son, Maurice,
to save her life, struck his father with
an ax, nearly splitting his skull open.
The father is in the hospital and may
die.

Another Man Missing.

Evansville, Ind., July 27.—Peter
Lawrence, night watchman, drew his
wages Saturday night, since which
time he has been missing. His wife
believes that he has been murdered.
Lawrence is thirty-five years old.

Brother Accidentally Shot.

Evansville, Ind., July 27.—While
George Dodge was examining a revol-
ver, the weapon was accidentally dis-
charged, the bullet striking William,
his brother, fifteen years old, passing
through both lungs.

Suicide at Daughter's Grave.

Evansville, Ind., July 27.—Adam
Lehr, a furniture dealer, aged fifty-
five, took a dose of poison on the
grave of his fifteen-year-old daughter
in St. Joseph's cemetery and is dying.

A Novel Campaign.

The Richmond Palladium in commenting on the two "Jims" attending the circus at New Castle, Monday, says:

"James E. Watson, Congressman from this district, and James A. Hemmway, candidate for United States Senator, attended a circus at New Castle yesterday. They also took advantage of a large crowd of politicians who gathered from all over the county. The Greensboro mystery and the fight for State Senator were almost forgotten for the time. It was an opportune time for the candidates to meet the farmers from all over the county, for they were all there to attend Wallace's circus. A novel feature of the work of the candidates was the purchase of circus tickets and giving them out. It was 'take a circus ticket,' instead of 'take a drink.'"

Old Settlers' Meeting.

Our attention has been called to the fact that although the Old Settlers' meeting has been fixed for August third, which is Wednesday, next week, there has been scarcely any arrangements or preparations to make it a success. The old settlers should get together and make arrangements for a big and successful meeting. The surrounding counties are having good meetings, why not Rush? This paper will gladly publish anything relative to this meeting if those in charge will furnish us with program and other information.

In England the other day a woman wanted her baby named "Port Arthur," but the officiating clergyman refused and finally the "Port" was stricken out.

Another One For Puzzle Editor.

After the puzzle editor, referred to in last night's issue of Rushville's saffron sheet, got the "Pepper puzzle" figured out to his satisfaction he can take up the one appearing on the same page off what he "pans" off on the public for a newspaper, and next to the second installment of the local item on which he has written several columns of suppositions and untruth. It reads as follows: "William L. Price is sinking a six foot casing inside of an eight inch water well at the city water and light plant." If the puzzle editor will please explain how that can be done—how a six-foot pipe will go inside an eight-inch pipe—we will gladly let him into secret of the Pepper item.

Prof. Latta Here.

Prof. Latta, superintendent of Purdue University, is here today, conferring with the stockmen and institute officers concerning the holding of the district convention of stockmen in this city, next month. This meeting was held at New Castle last year and the men interested in stock in this county are gratified to know that it will be held here this year. The exact date has not been determined, but it will only be a few weeks until the convention.

The Geisha Girls in Fair Japan.

For many years past the Geisha Girls of "Fair Japan" have been noted in song and story, and it is doubtful if there are any among the readers of this paper who have not at times felt a desire to visit the land of the chrysanthemums and to see the strange fantastic dances of which Sir Edwin Arnold and other writers and travelers have written so graphically. This is not necessary at present, however, as the Geisha Girls have been brought to America and in order to see them it is only necessary for one to visit the World's Fair in St. Louis, and then go to "Fair Japan" upon the Pike. There one will find a Japanese village, constructed along the artistic lines so closely identified with the architecture of the land of the rising sun and there one will see the Geisha, especially brought to this country by Messrs. Kusbiki and Arai, in the songs and dances of their native land.

The dances which attract the greatest amount of interest are those known as the "Dance of the Sea Waves," and the "Spirit of the Spider," both of which never before have been seen in this country. This is in the theater alone, but there are many other features which will appeal to all those who appreciate the artistic and the beautiful. The massive entrance to "Fair Japan" is a replica of the famous Nikko Gate. Then one enters upon a typical street in Tokio with booths, bazaars, ivory carvers, embroiderers, wood workers and kimono makers.

To the left of the Theater is the tea garden, a replica in miniature of the Imperial Gardens in Tokio, with cascades, lagoons, dwarf shrubbery and other artistic features. Located in the garden is a modern tea house in which fifteen of the beauties of the most fashionable tea houses of Tokio, Yokohama and other well known Japanese cities serve the public with light refreshments of all kinds. Passing the tea house one encounters the Gateway of Nio-Mon, or the temple of the Two Kings, a rare specimen of Japanese architecture of the years gone by, with engravings which prove it to be more than 600 years of age. The Nio-Mon was dismantled in Japan and after being shipped to America was reconstructed along the original lines. The Nio-Mon was erected in the Province of Yheako by Lord Satake of the noble Satake family for the peaceful repose of the departed soul of his honored father. The Guardian Angels—the two kings, in other words, who guard the gates of the Nio-Mon are Brahma and Indra, carved from one massive piece of wood in the crude but still artistic method in vogue in centuries gone by.

Hill Vance, who has the contract for putting in the cement platform at the interurban station, corner of Third Morgan street, began excavating for the work this morning. The work is to be finished by August 1st.
